

Library Happenings

Stratford Road School Library

Check out our work online!

The Stratford Road Library is a friendly place coordinated by Mrs. Levy, school librarian. All students visit the library once in their six-day cycle. During PARP, children will be answering questions about books on the computer. These questions and answers and other PARP-related information will be posted on our PARP web site:

www.PARP.org

Plainview-Old Bethpage Public Library

Raffle Prizes and USA Travel Books

The Plainview-old Bethpage Public library is a wonderful resource for our community. Located in the center of town at 999 Old Country Road, the library is open 7 days a week.

Visit the Children's Center during PARP week and be eligible for a special prize! All Stratford students who visit the library during March 1- March 13 can pick up a raffle ticket. Visit more than once and you can earn more than one ticket (limit one visit per day). *Parents may not pick up raffle tickets without their children because we are encouraging the children to visit the library.*

Put your name and class on the raffle ticket and bring them into school during PARP week. A lucky winner from each grade will be chosen on Friday.

USA-themed books will be available in a special area in the Children's Center. Ask the librarians for more details.

Visit the library web-site at www.poblib.org. Try out the Kids Plus section for games, information and links to author sites. Look for upcoming kids events like craft workshops and movies. If you're not on-line at home, you can use the computers at the library for free internet access.

Stratford's Reading Road Trip
